DETAILED ACTION

1. The amendment received May 26, 2006 has been entered and carefully considered. Claims 1-29 are pending in the application. The examiner finds the applicant's argument persuasive; therefore, claims 1-18 & 22-29 are allowable over the prior art of record when the following rejections are overcome.

Claim Rejections - 35 USC § 101

2. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 19-21 are rejected under 35 U.S.C. 101 because the claimed "medium" (e.g., page 4, lines 1-3) lacks practical application and that the specification supports medium types that are nonstatutory (e.g., signals, waves, etc).

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Christopher B. Shin whose telephone number is 571-272-4159. The examiner can normally be reached on 6:30-5:00 M,Tu,Th,F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's Fritz Fleming can be reached on 571-272-4145. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
